A Message From The Editors...

Hey everyone, I just want to start off by saying congratulations to all my fellow seniors. High school has been a long, tiring, but fun journey. Working on this yearbook has allowed me to look back on all of these memories as the year has gone by and made me appreciate every one of them, especially now as I write this at home because of Covid -19. I hope you all enjoy the hardwork and numerous hours we spent making this book special for each and everyone of you. - Corbin Veitch

Hello, I do not exactly know how to start or end the yearbook. Working has been not only fun but stressful. We have worked countless hours for this to be the most deserving book for not only the Class of 2020, but to all people who will buy and cherish this book. To everyone in the yearbook club, thank you! I hope this collection of memories is something we will remember in years to come. - Althea <3

We regard the successful development of each individual as a responsibility shared by the student, the school, the family, and the Fairhaven community. We believe all students must be engaged in a rigorous academic program enriched by fine arts, technology, athletic, and co-curricular activities in a safe and secure environment that encourages, nurtures, and promotes the development of every student to become a respectful, tolerant, responsible, healthy, and civic-minded citizen.

CLASS OFFICERS

Dear class of 2020,

Well, we did it. We graduated high school. After four years of navigating friendships, tests, driving lessons, work, gym class, AP exams, college applications, snow days, hot days, the cafeteria, doctor's notes, secret notes, bathroom lines, parking spaces, and homework - we're done. You did it.

And here we go, out into the void that is the "real" world. Now we're adults. Everything that happens from here on out is up to us, and we will be judged accordingly. So instead of using this letter to tell you all how great you are (really great by the way) or reflect on high school (which has been pretty cool), I want to give you something that could one day be useful. Here is a list of some of the best real life advice I have heard or read. I thought it would be worth sharing.

If a person is nice to you, but not nice to the waiter, they're not a nice person. Don't worry about what other people think about you. They are generally too worried about what you think about them.

If you want to remember something, write it down.
Don't waste your time being angry at someone. It bothers you more than it bothers them.
In a year from now, you'll wish you started today.
When you see a ball on the road, make a full stop. There is usually a kid running after it.
Things don't have to be perfect to be wonderful.
Sleep.

Remember that whatever comes next - you got this. This is your life to live how you want. You've made it this far without any major problems, so that's probably a good sign. Go - live your life - and be proud of all that you have done and can do.

All the best,
Abby

EXCHANGE STUDENTS

How come you came to the United States?

I was interested about studying abroad. Then I found the out there is a program for it. I had taken a test for a scholarship to come.

What was your favorite new food?

Chicken bowl and a quesadilla

Will you plan on returning?

Absolutely, I would love to come back. I want to find a scholarship so I can come back in college.

What was your favorite memory?

When a lot of people were greeting me in the morning and I don't feel like I'm alone. Also when I hang out with my basketball teammates

Did you enjoy basketball?

Yes I did! I received a lot of new experience on the BB team. This year turned out better because of it.

Did you enjoy your time in the United States?

Yes! I would try to do something new that I would not be able to do in Thailand. I have had a good time here.

What will you miss the most?

I will miss my friends and teachers all helping me. They are all very kind. My exchange year wouldn't have been better without them.

Peangrawee Na Rungsee

How come you came to the United States?

I won a political scholarship out of 200 other kids and it was my dream since I was six to attend a high school and drive the yellow bus. Of course prom and homecoming were on my list too. I wanted to learn more about the country that everyone wants to live in and where all your dreams come true.

What was your favorite new food?

I would definitely say the burrito at No Problemo's and a frosty and fries at Wendy's.

Will you plan on returning?

Yes, I am planning on returning as soon as possible.

What was your favorite memory?

I think it was when we went to New York. It was one place I've always wanted to see since I remember. It was great and all I dreamed about was the city that never sleeps.

Did you enjoy cheer?

Yes I did! I loved the school spirit and bonding with the team. It was a lot of fun cheering for the blue devils.

Did you enjoy your time in the United States?

My time in the U.S. was one of the best of all time. I loved being here and I am thankful for the school and being accepted as a student. I am thankful for my friends and family made this year unforgettable.

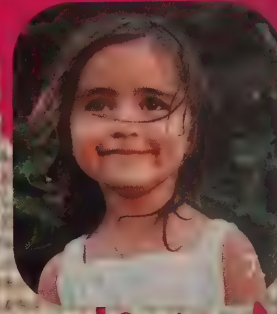

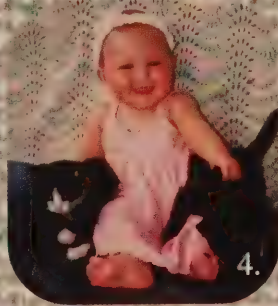

What will you miss the most?

My host family and friends. And the variety of sweets you guys have in the US.

OUR TOWN

How COVID-19 changed our lives

Nov. 2019

A novel coronavirus was first identified in China's Hubei province. The disease it causes attacks the lungs and causes rapid onset of pneumonia in already immunocompromised patients.

12020
The first American case was diagnosed in Washington state. The illness rapidly spread across the globe, endangering mostly older adults and those with underlying and chronic health conditions, including lung disease, heart disease and diabetes.

Photo provided by CDC.gov

The World Health Organization (WHO) names the virus SARS-CoV-2 (Severe Acute Respiratory Syndrome Coronavirus 2) and the disease it causes COVID-19 (Coronavirus Disease 2019). Worldwide death toll is 1,107.

2/11

First US COVID-19 death

1 new case in Mexico

3 new cases in United States

5 new cases in Canada

February 29

Wanted

Canada had 118 cases.
United States had 1,267 cases.
Italy had more than 12,000 cases.

The WHO declared SARS-CoV-2 a pandemic, which meant the 118,000 cases and more than 4,000 deaths worldwide required more specific and targeted attention and resources.

To slow the virus's spread, the US suspended European travel for 30 days.

12 Canadian Prime Minister Justin Trudeau and wife Sophie Grégoire Trudeau self-isolated after she experienced symptoms. He was cleared, but she had the virus.

13 16 US states closed schools to reduce spread of the virus:
Alabama, West Virginia, New Mexico, Wisconsin, Illinois, Oregon, Maryland, Pennsylvania, Virginia, Ohio, Louisiana, Utah, Kentucky, Rhode Island, Washington, Michigan.

14 US declared a national state of emergency.

fourteen The US reported 2,818 confirmed cases and 58 deaths.
Fifteen states activated National Guard troops to assist with virus-related concerns, including regulating the flow of medical supplies, food and shelter.
Canadian provinces canceled schools as the numbers of infected rose.

• Canada reported 341 cases.
• More cases were reported outside mainland China than inside it for the first time in the history of the disease.
• The largest school district in the US, NYC Public Schools, closed.
• The CDC suggested a community ban on all gatherings of more than 50 people for at least eight weeks.

the ides (15)

Provinces, states and cities continued to implement strict measures to slow the spread of the virus. The movement, called "flatten the curve" prompted entertainment, bar and restaurant closures across the US and Canada. By Monday, all NBA, PGA, MLB, MLS, NASCAR, NHL, and NCAA sporting events were either canceled or put on hold for two or more weeks. Some especially hard hit areas, including seven counties in California, put a three-week-long "Shelter in Place" home restriction on citizens, requiring they leave their homes only for essential needs. Workers in essential services (emergency and medical, banks, grocery, pharmacy and food service) were exempted from the restriction, so they could work.

sixteen

17 St. Patrick's Day Celebrations were canceled (even in Ireland). Nonessential services (salons, movie theaters, shopping malls, etc.) were closed for 30+ days in many states. The Canadian-US border was closed to travel (but not trade) in a mutual agreement.
